Refugee Funding Analyst

VIRTUAL STUDENT FOREIGN SERVICE

V S F S

Project Title	Refugee Funding Analyst
Project Summary	Analyze refugee funding data, discover trends, and create a product that will help inform data-driven decisions on funding for refugees.
Country	United States
Agency	Department of State
DoS Office	PRM/PRP
Post	N/A
Section	N/A
Number of Interns	1

Project Description

The student will create a trend analysis using funding data from the Bureau of Population, Refugees, and Migration (PRM) for the last 10 years. The student would also analyze data from PRM's partners, including UNHCR and ICRC. The end product would include short summaries of the analysis, charts, and graphs to visually interpret the data and associated trends.

Desired Skills Interests

Additional Information

This is a great opportunity for a student who wants to learn about the world of humanitarian affairs, how the State Departments programs its humanitarian funding, and how major international humanitarian organizations budget and program their funds. It's also an opportunity to gain proficiency with Excel as well as other data analysis tools, such as Tableau.
